8TH ANNUAL FINANCIAL EDUCATION DAYS

October 17th - 23rd (See Workshop schedule to the right)

National Save for Retirement Week (NS4RW) is the first congressionally endorsed, national event formally calling on employers to promote the benefits of saving for retirement, and encourage their employees to take full advantage of their employer-sponsored retirement programs.

One of the key activities that the Nevada Deferred Compensation Program-NDC will be offering is a series of helpful educational workshops throughout the State stressing the importance of building your nest egg to compliment and supplement your PERS Pension.

The NDC "*Basics and Beyond*" Workshop will dive into the basics of the Nevada Deferred Compensation Program, how to get started, how to actively participate, manage, and escalate your contributions to your Deferred Compensation, highlight the NDC Program's Investment options, and educate government employees about the importance of planning for income replacement provisions at the end of their careers.

Secondly, the "*Retiring Minds Want to Know*" workshop will help participants realize where they are currently at in their retirement planning, what they should be thinking about when they are 10 years out from retirement, 5 years out from retirement, 3 years out, 1 year out, 6 months out, and 1 month out, and help participants understand what benefits, distribution, and liquidation options they have when they retire.

Finally, PERS will be conducting an informational workshop to assist employees with understanding their PERS Defined Benefit Pension Plan. They will be available along with our Recordkeepers and other benefit providers to provide employees with materials and answer questions.
